Thank you for emailing me your comments on the draft UIC Dewey-Burdock permitting actions. I have added your email to the list of public comments received. I have also added you to my contact list to keep you informed on future EPA activities related to these proposed actions.

Thank you!

*Valois*

**Subject:** Dewey Burdock uranium Mine proposal

Dear Ms. Shea,

I'm writing in opposition to the proposed Dewey Burdock class V and class III injection well draft area permits.

I've studied this proposed mine since it's original proposal. I also hold a degree in geology from the South Dakota School of Mines & Technology.

I believe both the inyan Kara aquifer and Minnelusa aquifers are much more complex and the company is letting on. I don't believe this company can safely mine at this site.

Furthermore, this is a foreign company that is not acting in the interest of the United States or the long-term environmental health, or economic well being of this region.

Please deny these permits.

Thnak you,
